

2017 SHS Science Fair

MaST students participated in our school science fair on Wednesday, December 6. Thirty-one projects were chosen to move on to the regional science fair at the end of January. The following students won overall awards at the fair—

- 1st Place – Logan Track
- 2nd Place – Lauren Brandt
- 3rd Place (Tie) – Garrett Gruttadauria
- 3rd Place (Tie) – Emma Reiser

In addition, four MaST students were selected to be among only 36 high school researchers from the state to present their research at the 2018 Junior Science Engineering and Humanities Symposium at the University of Florida in late January. Those students selected are—

- Speaker – Logan Track
- Poster Presenter – Charinya Mongkhonsri
- Poster Presenter – Katie Savage
- Poster Presenter – Sean Carroll

Congratulations to each of these students for the outstanding work on their research projects!
