- We begin this morning with a big shout out and Sarasota welcome to all our University of Cambridge guests. We have numerous AICE trainings all about our campus today, and we're very excited to have so many additional amazing educators on our campus!
- The boys golf team won the district championship at Misty Creek on Monday. Scott Yoder shot 73, Austin Kuster shot 75, Sean Quinlan shot 77, and Nick Hazeldine shot 82. The team has advanced to the regional tournament next Monday at Heritage Oaks.
- Also, Lily Sikorski qualified for the girls' regional golf tournament shooting an 86!!
- Today is the first day of the 2nd quarter! The good news is that all students will start fresh for tracking tardies to class. Remember that each student receives a warning for the first five tardies and then the detentions begin on the sixth tardy. All detentions from the first quarter must be served as soon as possible or other consequences will be assigned. Reliability and being on time is an essential expectation for all students. Be anchored in: Respect, Reliability, Responsibility, and Resilience!
- There will be a meeting for all students interested in playing in the Annual Dodgeball tournament TODAY immediately after school in Mrs. Brown's classroom. The annual tournament is co-ed and current students/staff are eligible to play.
