Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Sarasota County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement

Our Mission at Gocio Elementary School is to maximize academic success and responsible citizenship of all students through our passionate commitment to excellence.

b. Provide the school's vision statement

The Gocio Elementary School community values all children and is dedicated to nurturing and challenging students to reach their maximum learning potential.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Gocio has a high percentage of ESOL students. Upon registering, all families are given the Home-Language Survey to collect information. All communication to our families is done in Spanish and English. This includes flyers, Connect Ed messages, Remind texts and newsletters. We plan ESOL nights with our parents and provide interpreters. Our Diversity committee plans several events throughout the year to celebrate our students' heritage. Gocio's teachers schedule conferences to meet with each family to discuss their child's progress. All families at Gocio have an annual parent teacher conference to discuss their progress, as well as a face-to-face conference if there are academic struggles beyond language assimilation. Some of these conferences are student led to engage our students directly with their families concerning their academic progress. This year we continued a one-on-one mentoring program in which over 30 staff members agreed to mentor a child at our school to build a deeper bond with an adult here that they could trust. We hold a Title I meeting each year to provide information on our programs. We have moved into a year two partnership with a local organization, Unidos Now that works directly with our families regarding their students educational opportunities. These are just some of the many ways we build relationships between teachers, students, and families.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school

Gocio is a fenced school campus which assures that visitors must report to the office where they are signed in through RAPTOR. Our SAC committee has met with the Director of Safety and Security to examine ways that our campus can be more secure. From this meeting we have begun the process of re-keying our school as well as creating a safer and more efficient student dismissal process. We have continually taken a proactive approach in regards to student and staff safety. Visitors are expected to wear an identification badge while on campus. The front office requires swipe card access and each entry way to the school campus is locked during school hours. All staff members are expected to be respectful to students. The school has implemented a school wide "Be Wise" program which emphasizes respect, responsibility and safety. This PBS program is taught and modeled in each classroom and school environment and is becoming a common language with our school community.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Gocio Elementary is a Positive Behavior Support school. We have a school wide PBS program entitled "Be Wise," that is taught in each and every classroom. Teachers receive training on our PBS program every year, as well as a school wide review of our discipline data. Students earn "owl feathers," for demonstrating the correct behavior. Students may then use these owl feathers to "shop" in our store-the Owl Hut. Our goal is to continually recognize students who are doing the right thing. We emphasize recognizing students that are following school-wide expectations in a variety of ways. They are able to be recognized with owl feathers that they earn individually. In addition, students are also able, as a class, to be recognized for expected behavior in the cafeteria. Classes with the best behavior earn the "Golden Spoon" for the week and are recognized on our news program. All school wide expectations are posted on our campus and classrooms. Gocio also has a clear procedure in place for discipline referrals and this data is monitored monthly. Our PBS committee also meets quarterly to explore innovative ways to reward children and teach expected behaviors. Teachers have also received CPI training as well as Restorative Circle training as a technique to discuss issues before they disrupt and build classroom community between students.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Gocio has 1.6 school counselors, as well as a Home School liaison(HSL). Both counselors provide small group and classroom counseling, as well as assisting with families in need. Our full time counselor is in charge of our SWST and works with other individuals to ensure academic and/or behavioral interventions are taking place for students. Both counselors and our HSL are part of the larger school community, working with outside agencies to ensure regular resources for our families such as a food pantry, back pack kids program, school supplies, and other needs. In addition our counselors work with our Student Council to promote and instill leadership.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system

Gocio has implemented the following areas to be monitored on a regular basis:

Attendance below 90 percent-Gocio monitors attendance daily. Attendance is checked every morning at the school level and a Connect Ed message is sent for students who are out of school daily. The HSL meets with the registrar every week and a spreadsheet is updated with students who have absent days. This live database is then shared with a grade level representative who works with teachers to communicate with families and help families with barriers from getting students to school on time. Letters are sent home, home visits conducted, and a truancy worker assists the school in connecting with families that continual display habitual absences.

One or more suspensions- Student referral data is monitored monthly along with our PBS committee. A school wide PBS plan is in place to teach and model appropriate behavior. Two school counselors work with students individually and in small group for issues that arise that may need more explicit teaching. In addition, Gocio teachers have participated in Restorative Circles school wide to help problem solve and build classroom communities.

Level 1 on statewide assessment-Gocio progress monitors throughout the year through a variety of

school wide data. Teachers work in the classroom to provide interventions for students who are below grade level. A clear intervention time is built in for every grade level. I Ready is used daily and used to guide instructional decisions specific to each student. In addition, Gocio uses Title I dollars to ensure highly qualified teachers are working with struggling students.

Course failure in ELA or Mathematics-Teachers meet face-to-face with parents at a minimum 2X per year to discuss grades and progress. Progress reports are sent home mid-way through every quarter to update families on progress. Interventions, small groups, and before and after school tutoring are made available for students who are struggling academically.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level												Total	
	K	1	2	3	4	5	6	7	8	9	10	11		12
Attendance below 90 percent	31	31	26	20	14	25	0	0	0	0	0	0	0	147
One or more suspensions	7	5	0	1	4	3	0	0	0	0	0	0	0	20
Course failure in ELA or Math	11	2	2	4	4	2	0	0	0	0	0	0	0	25
Level 1 on statewide assessment	0	0	0	11	26	10	0	0	0	0	0	0	0	47
Level 1 on statewide assessment-math	0	0	0	12	21	26	0	0	0	0	0	0	0	59

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level												Total	
	K	1	2	3	4	5	6	7	8	9	10	11		12
Students exhibiting two or more indicators	0	2	3	11	15	6	0	0	0	0	0	0	0	37

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

Attendance:

- *Monitored by Admin/Attendance contact for each grade level/SWST
- *Weekly attendance meetings and progress monitoring
- *Attendance notebook on One Note for real time data and progress monitoring
- *Attendance support groups and interventions for students who have a history of chronic attendance
- *School wide attendance incentive program

Suspensions:

- *PBS plan in place school wide with PBS store and token economy
- *Use of Restorative Circles-all teachers had initial training
- *Regular monitoring of discipline data and PBS committee meetings

Course failure:

- *Monitoring of grades
- *Minimum of two parent conferences
- *Daily agenda book communication
- *Progress reports sent a minimum of 3X per year
- *SWST/RTI academic interventions in place

Level 1 on state wide assessments:

- *In class academic interventions and progress monitoring
- *Intervention support built into daily schedule
- *Grade 3 intensive reading remediation support
- *PD for staff on best practices and instructional strategies
- *Regular monitoring of student data at all levels (school wide, grade level, class level)
- *SWST/RTI as needed

In addition: Gocio Elementary provides individual and small group intensive services for targeted students. Our ESE and ESOL teachers provide instruction based on student IEP and LEP goals. We also provide daily classroom intervention instruction for students that need remediation. The attendance committee meets weekly and has a clear plan in place that regularly monitors students attendance and identifies those students with excessive tardies or absences. Each grade level has a "point person," who meets with grade level teams to ensure proper notification, documentation, and interventions. Gocio also adopted a school wide positive behavior attendance incentive program this year to recognize and reward students for coming to school daily and on time.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

Yes

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/470479>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Gocio has partnerships with All Faiths Food Bank for our Backpack Kids and Food Pantry to provide nutritional food on a regular basis. The Rotary Club provides backpacks and dictionaries for our students. The Manasota Track Club provides support to our running program and 100 Mile Club for healthy bodies. Gocio has worked with the Sarasota Ballet for years to provide enrichment and scholarship opportunities for students. This past year we have partnered with Forty Carrots to provide a program, Partners in Play, to work with families from birth to five. In addition we have partnered with a local philanthropist to provide the first General Education 4 year old Pre-K program in the district. The local arts community supports our fine arts department through donation of props, costumes, materials and lighting and staging as well as with YEA arts. Florida Studio Theatre provides instruction in language arts and play writing. Gocio partners with a local community member and master gardener as well as Bok Tower Gardens/UF to have a school garden and garden club. The local community also spearheads a Bridge Club on our campus.

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Royce, Steven	Principal
Kocur, Heidi	Teacher, K-12
Smithson, Angela	Teacher, K-12
Dutkiewicz, Michael	Teacher, K-12
Annicelli, Marya	Assistant Principal
Baldwin, Amy	Teacher, K-12
Smith, Jackie	Teacher, K-12
Gambill, Amanda	Teacher, K-12
dromgool, shannon	Teacher, K-12
anderson, lori	Teacher, K-12
Wasley, Laura	Teacher, K-12

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The administration engages grade level curriculum leaders to provide quality lesson plan designs, curriculum mapping and implementation of the state standards. Administration meets with grade level curriculum leaders monthly to discuss important instructional issues facing grade levels, best practices, and progress monitoring of student data at every grade level. Grade levels meet weekly during their common planning time, under the facilitation of the curriculum leader to conduct professional discussions on curriculum, data, and lesson design and interventions for struggling learners.

Specific roles and responsibilities:

Mr. Steve Royce, Principal-Administrative Support and Decision Making

Mrs. Marya Annicelli, Asst. Principal-Administrative Support and Decision Making

Curriculum/Team Leaders- Representatives for respected grade levels

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

Through data analysis of students' academic achievement, a strategic plan is designed to maximize each learning day. All human resources are aligned to maximize instruction and provide remediation and enrichment for identified students, above and beyond daily instructional lessons delivered by each classroom teacher. The school's administration recruits additional support personnel to assist with data management, designing and delivery of interventions for reluctant learners and researching best practices for improving student achievement with large ESOL populations.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Breanne Winn	Teacher
Robert Kanotz	Teacher
Jessica Harris	Teacher
Lisa Crosby	Parent
April Ammeson	Teacher
Janette Garcia	Parent
Jesse Guajardo	Teacher
Ruth Rubinstein	Business/Community
Steve Royce	Principal
Rebekah Leopold	Business/Community
Brenda Miller	Teacher
Nahir Colmenas	Business/Community
Laura Corona	Parent
Carla Sachetti	Business/Community
Ingrid Arita	Business/Community
Yusmary Duarte	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(2).

a. Evaluation of last year's school improvement plan

The data from 2017-18 school year is reviewed and discussed with SAC, as required. SAC is instrumental in discussing academic programs and progress at Gocio Elementary.

b. Development of this school improvement plan

The SAC meets monthly to advise the principal on various school operations, including budget, academic programs, parent involvement activities, positive behavior support and more. The SAC also reviews the school-wide assessment data to determine the academic needs of the students and the feedback is included in the School Improvement Plan.

c. Preparation of the school's annual budget and plan

Once the school district provides our school with the allotted annual budget, the principal reviews the budget and creates a draft to present to faculty, staff, and SAC. Input is sought from stakeholders and adjustments are made to the budget as a result of the recommendations made. The budget is then finalized once consensus has been reached.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

All school improvement funds were designated to fund the daily agendas for students. The SAC/SDMT reached consensus on this expenditure as it promotes communication between school and home. The funds for the agenda books was \$2500.00

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Gocio recognizes that the membership of the SAC must represent the composition of the student body. Every effort is being made to recruit members that represent the diverse population of our school.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Royce, Steven	Principal
Kocur, Heidi	Teacher, K-12
Collins, Julie	Teacher, K-12
Williams, Sarah	Teacher, K-12
Hradek, Kelli	Teacher, K-12
Billingsley, Sandy	Teacher, K-12
Ward, Jamie	Teacher, K-12
Gambill, Amanda	Teacher, K-12

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable

Gocio uses a standards based approach to teaching reading. As a school during our PLCs, teachers plan together and create cluster assessments to determine how students are mastering standards. The district provided Reading Wonders Series is an available resource as well as other resources such as Read Works, novels, and I-Ready in the classroom. Each of these resources helps teachers implement and effectively teach the Florida Standards. The team is proactive with PD opportunities in regards to ELA standards, and to provide information to other teachers. The team plans reading events, celebrations and reading intervention programs. The team supports the school-wide reading incentive program to document the number of minutes students read monthly. The team supports the Sunshine State Readers program. At least 70% or more of the administration and faculty hold membership to the Sarasota Reading Council and Florida Reading Association. The committee meets monthly and discusses literacy activities and progress towards mastery at each grade level.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

All grade level teams have a daily common planning time. One common planning time each week is designated for a CPT where the teams focus on instructional and intervention strategies, data and progress monitoring. These sessions are specifically structured around the instructional needs of our

staff. Teachers choose to meet on a regular basis and invite district support staff, administration, as well as in house experts on areas affecting their grade level. The purpose of these sessions is to improve student achievement through their teaching practice. For the second year in a row Gocio teachers have opted to have a district specialist work with teams during their planning times to focus on using I Ready as an instructional tool in the classroom. In addition we have worked to develop capacity in house with teachers training one another on Florida Standards and the writing of cluster assessments.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

The administration hired staff that were highly qualified and provided recommendations of high levels of performance in their prior schools. As a school we continue to experience less turnover and are fortunate to be retaining high quality staff. As an administrative team we work hard to support our teachers with the resources and the time they need to be effective educators. We support beginning teachers through the SCIP Mentoring program. One of our teachers, Amy Baldwin, is the Lead Mentor. She facilitates meetings and provides on-going support for the teachers. Each new teacher is assigned a trained SCIP Mentor, who provides support.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Gocio participates in the district provided SCIP program. The purpose of this program is to provide a solid mentor who can help mentor and establish positive relationships with new staff members. Gocio this past year partnered our eight new teachers with four veteran teachers at same grade levels or as close as possible. Each of the mentors/mentees participates in regular meetings with new teachers that follow the SCIP mentoring program topics and guidelines.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

All teachers follow the Florida Standards as the base of their planning. Teachers work together through their PLC time to plan, create lessons, share resources, and develop cluster assessments to determine student mastery toward the standards. Our district provides an IFG (Instructional Focus Guide) to "map" the year for teachers. Additionally, all adopted series follow the standards. Lesson plans are closely monitored, as each team submits them to One Note for administrators to be able to review and to ensure that lessons are aligned to the Florida Standards.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Teachers input student data (I-Ready, running records, cluster assessments, benchmark testing, Go Math, Reading Wonders) and monitor their progress throughout the year. Teachers meet with the administration and support team three times annually to discuss the data, as well as at post conferences from observations. The teachers also use this data to identify students needing remediation or

enrichment and to determine those students needing more assistance through MTSS. Through these determinations, teachers provide small group, scaffolding, and utilize support from resource staff to help students with specific skill deficits. These are provided in the classroom or during a small group pull out.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 2,520

We offer an after school tutoring program for students that are academically struggling in grades 3-5.

Strategy Rationale

Remediation

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Royce, Steven, steven.royce@sarasotacountyschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Formative and summative data is collected and monitored.

Strategy: Before School Program

Minutes added to school year: 5,400

Computer labs open at 8:00 for additional I-Ready time

Strategy Rationale

Additional time afforded to students in the areas of ELA and Math

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Annicelli, Marya, marya.annicelli@sarasotacountyschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

I-Ready Diagnostic data collected and monitored for windows 1,2,3

Strategy: Extended School Day

Minutes added to school year: 3,600

We offer an array of enrichment activities such as running club, gardening club, GPAC, Student Council, guitar and violin opportunities for students to participate in.

Strategy Rationale

Enrichment opportunities allow students to increase their cognitive abilities through other means. Research has been well documented in these areas. In addition, these school based opportunities are free for our families.

Strategy Purpose(s)

- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Annicelli, Marya, marya.annicelli@sarasotacountyschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Performance based tasks from each enrichment opportunity are presented to demonstrate effectiveness of the programs. For example, our gardening club grows fresh organic fruits and vegetables and shares them with their families.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

This past year we had a Kindergarten and incoming First grade transition program available to every incoming Kindergarten or First grade student. The program ran M-Thursdays from 8:30-1:30 and worked with students on K readiness skills and first grade reading skills. Over 80 students participated. We worked with feeder VPK programs to identify students who might attend for our K group. In addition, our school implements a summer screening process to identify student readiness and create mixed ability classrooms using this data. Gocio also presents a Kindergarten Round-Up for incoming kindergarten students. This past year we have partnered with Forty Carrots (a pre-k provider) to provide our families with a Partners in Play morning weekly to work with our families on birth to five skills. We also added a General Education 4 year old pre-k program on site due to the generosity of a local philanthropist. These students will feed directly into our Kindergarten next year. For our 5th grade students we ensure that we work with our local feeder middle schools for all of our grade 5 students to attend an orientation at their proposed middle school. This past year our administration met with a representative from VPK to gain insight to incoming students that may need additional services or support here during their K year.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

While Gocio serves students in grades K-5, we strive to prepare our students for the world beyond school. This past year we have begun a partnership with local area colleges for all 3rd, 4th, and 5th grade students will have the opportunity to experience a college environment through a field trip. In addition, we work with Sarasota Next Generation ballet program for students to potentially be afforded a full college scholarship if they continue with the program and maintain an acceptable GPA.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

Title_I_Needs_Assessment.docx
<i>Word document with data tables that we use to goal set with staff at the beginning of the year. This document shows science, ELA, and math proficiency. It also shows a 3 year trend of data at Gocio.</i>
Copy_of_2016-2017FSA_Data.xlsx
<i>The file has all of our FSA scores from last year We use this information to determine students growth from year to year.</i>

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Gocio data indicates that we are still not at school or district wide goals in proficiency in ELA, math, or Science. We made substantial gains last year in proficiency as well as learning gains, however, this trend must continue. In grade 5 we worked extensively with specific instruction based on the standards. At that grade level we showed the highest gains and highest levels of proficiency. Currently however we are 52% proficient in math and 43% in ELA.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why"? or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

There are potentially a variety of reasons that Gocio students are not yet at proficiency. During the problem solving process we identified potential reasons and/or barriers and set specific, strategic goals to address these. These are all set in our strategic goals and have specific measurement points, as well as timelines, and individuals responsible for progress monitoring and implementation of each goal. A potential "why," for example is that Gocio has moved towards standards based instruction and specific training and instruction in this area. In years past, many teachers at Gocio taught out of a basal series and did not have an in depth knowledge of the Florida standards. We have been working to improve in this area.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** By the year 2018, there will be a minimum of a 4 percentage point increase in math learning gains for the students in the lowest quartile.
- G2.** By the year 2018, there will be a minimum of a 4 percentage point increase in ELA learning gains for the students in the lowest quartile.
- G3.** By the year 2018, there will be a minimum of a 4 percentage point increase in math learning gains.
- G4.** By the year 2018, there will be a minimum of a 4 percentage point increase in ELA learning gains.
- G5.** By the year 2018, Gocio will reduce its number of students involved in suspensions by 10% as measured by school wide data. last year 31 students had an OSS.
- G6.** By the year 2018, Gocio will reduce its number of chronic absent students (18 days or more) by 10%. There will be a reduction in overall student absences by 10%. In 2016-2017 there were 84 students absent 18 days or more.
- G7.** By the year 2018, increase parent involvement to 80%. This will be demonstrated by our families attending at least one parent conference with their child's teacher.
- G8.** ELA- By the year 2018, there will be a minimum of 4 percentage point increase for all student groups, whereas 70% or less are currently demonstrating proficiency.
- G9.** Math -By the year 2018, there will be a minimum of 4 percentage point increase for all student groups, whereas 70% or less are currently demonstrating proficiency.
- G10.** Science - By the year 2018, there will be a minimum of 4 percentage point increase for all student groups, whereas 70% or less are currently demonstrating proficiency.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

G089467

G1.B3 Teacher depth of knowledge with Florida Math standards 2

B238342

G1.B3.S1 Teacher depth of knowledge with Florida Math standards and best instructional practices is crucial for student growth. Our current data, both in proficiency and learning gains indicates training is needed in this area. 4

S251077

Strategy Rationale

Our current data, both in proficiency and learning gains indicates training is needed in this area. With targeted PD and well designed CPT sessions, teacher practice and knowledge should improve. In addition we had pockets of teachers who demonstrated significant learning gains in the lowest quartile. CPT sessions and trainings utilizing these teachers will be critical. This will help all students, especially those who are struggling the most.

Action Step 1 5

Targeted Math PD and Math rounding to examine our instructional practices. Subs to be secured for quality PD. In addition instructional materials that meet standards to be used.

Person Responsible

Steven Royce

Schedule

Monthly, from 8/14/2017 to 5/31/2018

B238346

G2.B4.S2 Reading Recovery to target those students who are weakest with foundational reading skills.

4

S251079

Strategy Rationale

Students who do not have key reading skills will continue to struggle in the upper grades. These students need an intensive focus on reading instruction.

G089469

G3.B2 Summer slide 2

B238348

G3.B2.S1 Research shows that over the summer students (especially from poverty) experience a summer slide in academics. Students often lose skills over the summer and teachers have to remedy this upon return. 4

S251080

Strategy Rationale

If we know that summer learning loss is an issue than it is imperative that we try to prevent it through quality instruction available over the summer.

Action Step 1 5

A summer academy will be expanded to include incoming K, first grade, and incoming 2nd grade

Person Responsible

G4.B2 Lack of adults in the home who can assist with HW and possible reinforcement of skills 2

B238351

G4.B2.S1 Often times there is a lack of adults in the home that can offer academic support to students.

4

S251081

Strategy Rationale

Students may need additional time and/or additional help with key skills in addition to their instructional day. An after school tutoring/remediation program will assist in this.

School wide Incentives Gocio's strategies includes early communication with families regarding district transportation, other options to get students to school, and motivators for students to be on time and at school every day. 4

S251086

Strategy Rationale

It will be vital to have students want to attend school and to encourage their families to get them there daily. We have developed a clear incentive program to motivate students to want to be at school every day. Regular monitoring is crucial to catch attendance concerns before they become chronic.

Action Step 1 5

G7. By the year 2018, increase parent involvement to 80%. This will be demonstrated by our families attending at least one parent conference with their child's teacher. 1

G089473

G7.B2 language/communication 2

B238359

G7.B2.S1 Offering translators at each parent conference when necessary. 4

S251088

Strategy Rationale

Gocio's current Hispanic population is 52%. Many of our families first language is Spanish. In order for our families to receive important information regarding their child's academic progress we not only translate needed information, but we offer parent conferences with a Spanish translator. In addition we are hosting a parent conference evening this year to allow for families who work. We will conference with families until 8:00 in the evening.

Action Step 1 5

Translators to assist at family conference evenings.

Strategy Rationale

Gocio has continued to work in the areas of Science. This will be the second year Gocio has a certified Science teacher on the wheel. She is working and collaborating with grade levels to determine standards that are heavily assessed and ways to incorporate more Science into the ELA block through non-fiction reading.
