Leaving a Legacy

Please help us to help our students reach their full potential.

As the only comprehensive high school in Sarasota County with three unique magnet programs, Booker High School serves the widest range of students in the district, offering diverse options for a diverse student population. BHS has a regionally renowned Visual and Performing Arts program, as well as a unique Law Academy and the school also offers the most internationally recognized college preparatory academic program, Cambridge University AICE.

We know that the success of our students will ultimately enhance the world at large, as these young people gain the skills and confidence they need to become contributing members of a global society. The task is enormous, but with help from our community partners, we can help spin success stories at Booker High School.

This mission requires help. Please use this form to choose the way you would like to make these dreams a reality. There are many ways you can help:

1. **At-Promise College Fund:** Booker High School has a partnership with the Community Foundation, which has created a "Booker High School at Promise Student Expense Fund," which assists underrepresented students with college-related costs, based on student need and availability.
2. **OneGift:** BHS is a proud member of OneGift, which is a website that makes giving easy and offers constant updates to supporters on how their money is spent. Small donations of as little as \$5 a month are welcome. Check out OneGift at www.onegift.com, and begin your support today.
3. **Make a One-Time Gift:** You can support any BHS program by offering a one-time general gift.
