June 17, 2015

Dear Third Grade Parent,

We have received the reading results from the Florida Standards Assessment (FSA) which we administered last spring. The individual student scores have not yet been released, but we were given a list of the students who did not pass. We have contacted the parents of the children who did not pass.

Unless we have called to invite your child to Summer Reading Camp, this letter informs you that your child did pass and has been promoted to fourth grade.

We do not know when the State will release the individual scores, but have been informed that it will be later than usual. As soon as we receive them, we will begin the process of sending them to you.

Best Wishes for a Happy Summer!

Sincerely,

Nancy Dubin, Principal
