BUSINESS PARTNERS

The Business Partner program establishes a partnership with local businesses to help offset the costs generated by school programs and events. Donations from Business Partners support funding for direct distribution to classroom teachers, student reward and staff appreciation programs, projects and events for clubs and teams, as well as new initiatives on campus. Both monetary and in-kind donations are needed; a list of needs is included on the application form or can be found on our website. Donations made to Panther Run and Team Sponsors can be applied towards your partnership.
