

## Sarasota County Mental Health Environmental Scan

You can make a difference. Let your voice be heard.

### Attention parents and young adults!

- **Parents:** Do you have a child between the ages of 0-17 who is receiving mental health services? Would you like to share your experiences with your child’s mental health services?
- **Young Adults:** Are you between the ages of 18-24? Do you want to share your experiences with your mental health services?

### We want to talk to you!

You may be eligible to participate in a focus group. If you participate, you will be given **\$25** for your time.

**If interested, please call or email René Anderson at (813) 974-2199 or [randers2@usf.edu](mailto:randers2@usf.edu).**

I give permission to be contacted for a focus group.

By including your phone or email you are giving permission to the USF evaluation team to contact you to provide further information about the study. This does not commit you to participation in the focus group and in no way affects the services you are receiving. The focus groups are confidential and your service provider(s) will not know that we have talked to you.

Please email this form to [randers2@usf.edu](mailto:randers2@usf.edu)
