Florida Studio Theatre comes to SMS!

On Thursday, April 25 Florida Studio Theatre actors and actresses will present a winning play from the Young Playwright's Festival to Plato East Civics Classes in the Media Center. Earlier this year, Plato East Civics students participated in an interactive historical classroom performance with Florida Studio Theatre and on February 7 they participated in a play writing workshop. The play writing workshop enabled the students to create plays on famous Supreme Court Cases as part of their classroom experience. These **Historical Thinking** performances were made possible from a grant by **the Education Foundation of Sarasota County**.
